

ONLINE SAFETY

Stay safe online by following these simple rules.

- ▶ Always keep your passwords secret.
- ▶ Think twice before you post anything on the Internet. Remember, once something is posted or shared, it's very difficult to remove.
- ▶ Always be polite and respectful. If you wouldn't say it in real life, then don't say it online.
- ▶ Ask your parents before giving out your name, address or any other personal information online.
- ▶ Don't open messages from people you don't know.
- ▶ Don't accept special offers or deals that seem too good to be true.
- ▶ Talk to your parents if you feel uncomfortable with what you see on the Internet.
- ▶ Be careful who you trust online. If you don't know the person in real life, then ask a parent before you become friends with them online.
